## Objective

Canton Footwear Association (CFA) was established on 2005. We have more than 116 members and are the most representative and influential footwear manufacturing body in canton Province. Our major goal is to serve the footwear industry and to protect and promote its' benefits and interests.

Our Association has always paid close attention to the latest developing market trends as well as other circumstances that might affect our industry. We also actively encourage and assist our members to enhance their communication and understanding with footwear participants from across the globe to increase collaboration opportunities.
